

Total Sewer Management - Inspection, Cleaning and Rehabilitation

At PSI we offer a comprehensive, technical approach to sewer system maintenance. PSI is a full service industrial cleaning company. We pride ourselves in offering turnkey, cradle to grave services for many of our client's needs. Our Turnkey Sewer Services are one of those areas where we can be of service every step of the way. We rehabilitate municipal and industrial sewers, storm drains and structures using state-of-the-art Trenchless Repair methods. We also work with you to meet your infrastructure maintenance needs while controlling costs and maintaining your production schedules.

Presidio Systems Inc. (PSI) is a professional storm water and sewer pipe inspection team. With dedicated Vac-Con trucks for initial cleaning of pipes as needed and a fleet of state-of-the-art camera inspection trucks, fully equipped computerized camera vans, mobile hand held camera crews for smaller non-accessible projects, fully equipped state of the art Vector trucks, mobile Vector crews for smaller cleaning projects and a full crew for routine and emergency repairs, we stand ready to meet all of your needs.

PSI has the dedicated video equipment, state-of-the-art systems and highly trained personnel to meet to provide turnkey services including:
